March 12, 1986

Mr. Ken Alkema, Director
Division of Environmental Health
3266 State Office Building
Salt Lake City, Utah 84114

Dear Mr. Alkema:

Re: Reclamation Plan, Anaconda Minerals Company, Carr Fork and
IS & R, Tooele Smelter, ACT/045/004, Tooele County, Utah

Transmitted hereby is one copy of the above-referenced reclamation plan for review by the Bureau of Water Pollution Control. A copy has already been separately delivered to the Bureau of Hazardous Waste Management for their review.

In accordance with the Memorandum of Understanding (MOU) between the Division of Oil, Gas and Mining (DOGM) and the Division of Environmental Health (DEH) it is requested that DEH contact DOGM within 30 days of receipt of this plan with written notification of the acceptability or unacceptability of the plan. Due to the nature of Anaconda's desire to begin reclamation work this summer earlier phone contacts to identify deficiencies in the plan would be appreciated. Please feel free to contact Susan Linner or myself with such concerns.

Sincerely,

L. P. Braxton
Administrator
Mineral Resource Development
and Reclamation Program
